TEXAS DISTRICT NEWSLETTER

Inside this issue:

DISTRICT RALLY IN REVIEW

Even though it's been a few weeks since Amarillo, we're still in a bit of a fog. The full year of preparation and it being over in a fast and furious three days is one thing, but the response and help from all of the Texas Chapters is what made it happen. Initially our target was for around 400 in attendance due to the distance and time requirements for travel. The final count was 600 with representatives from 10 different Districts. We can't thank you all enough for the fantastic turn out.

The question now comes up (over a hundred times already) what are we going to do to top Amarillo. Well, your District Staff is already hard at work tossing ideas around and making plans. To start with we will be going to Killeen, Texas. We've gone from as far South as we can go to as far North as we can go with outstanding results from both areas. Next year we will give the Wings a bit of a rest and land in the very middle of the state.

Killeen is located just outside of Ft Hood, the Army's premier military installation. A city of 112,000 offers just about every hotel/motel there is as well as over 164 eating establishments. You name it, they've got it. We will be in a brand new (5 yrs. old) facility that is one of the most beautiful convention centers we've encountered. Please go to www.killeen-cvb.com and take a tour of the whole place.

Our Host Hotel is the Shilo Inn, located virtually on the premises (maybe 100 yards) from the center. This is a 4 star hotel with 2 star pricing. Our GWRRA rate is \$85.00. This is an un-heard of rate for this hotel as all rooms are suites, very nice. For a tour please go to www.shiloinns.com

As soon as we get the information we will be posting (in this newsletter) all the hotels that will be giving us a special room rate. Barbie will again be your tour guide with all the local flavors and interesting routes to and from. So please stay tuned.

DISTRICT RALLY IN REVIEW

Again, we would like to thank all the Chapters that helped out with the Rally as well as all of those in attendance. Next year we will return to a little more of a traditional rally but there will be enough twist and turns to make it very special.

Thank you all,

Ken & Barbie Peterson
District Directors
Senior Master Tour Riders
2352 & 2353

FUN 101

To simplify Fun 101, just let me say the Texas District Rally in Amarillo, Texas. I know it was quite a distance to travel and with the economy in a quandary many of you could not make it. I'm just sorry because it was another great experience for Wingers. I know many of you took extra days to experience the beautiful country out west and North West. We'd love to see some of those pictures you took.

There was so much going on from start to finish and you guys just made it happen. Thank you, thank you, thank you. I never ceased to be amazed at your creativity and ingenuity. I think we need a patent on the armadillos and boots. Absolutely fantastic!! The baskets were unreal as usual you outdid yourselves. To the Chapters doing our games - the participation was great and just watching was a hoot.

Palo Duro Canyon was so much fun but watching everyone leave and going back up the wall was truly a sight to behold.

Saturday brought another round of fun - should I mention Risky Business - maybe not! What a great participation we had on

Chapter Competitions, particularly our newest - Windshield Covers. Be sure to plan on being at Mid-Winter because another new addition to chapter competitions will be introduced; plus as usual some change-ups.

With all this said I must add I hope everyone had a safe ride home. We hope you enjoyed the variety of weather we were able to provide. Once again - you guys were so much fun and next time some one asks you "Amarillo - what's in Amarillo" I hope you will fill them in with - you've got to be kidding, great place, wonderful people and just plain FUN.

See you guys at Wing Ding Friday July 3rd - Texas Red Shirt Day. We'll be watching for you. Drop by the Goodie Booth on Friday, Texas will be working so come say Howdy!

See Ya in the Funnies

Barbie

THANKS FOR THE MEMORIES!

We had been looking forward to the Texas District Rally in Amarillo all year...and it lived up to all expectations. It was great to see so many people (over 600) there from many different districts including Texas, Louisiana, Arkansas, Kansas, Oklahoma, New Mexico, Colorado, and others. At the opening ceremonies, we dressed up like a cowboy (Fred) and a saloon girl (Mandy) and we really enjoyed visiting with so many people. The crowd at Opening Ceremonies was larger than expected and it was obvious that the participation at the entire rally was going to exceed expectations. The chapter armadillos were incredibly original and the armadillo races were a blast to watch! In addition to the armadillos, the chapter boots beautifully represented each chapter. After a few sarsaparillas (coke/root beer floats), we waited for the sun go down, so the light show could begin. It was great to see so many bikes parading around the Civic Center in downtown Amarillo. All this...and it was only Thursday night.

A lot of events were planned for Friday and we attended as many as we could, while still helping the Texas District Staff take care of business. There were Rider Education classes, Leadership Training classes, numerous vendors to visit, the Couple of the Year Reception, and a book exchange. Although we didn't get to ride on Friday, there were a lot of stories of the great roads and sites that many people visited. Among them were the Cadillac Ranch, Palo Duro Canyon, Route 66, the American Quarter Horse

Museum, and the Big Texan Steak House Restaurant. The big event of the day was the highly anticipated ride into the Palo Duro Canyon on Friday night. The weather threatened, but worked in our favor. A cool breeze blew through the canyon as we enjoyed our dinner served by the Big Texan Steak House. As the sun set, a cast of talented actors and dancers staged an abbreviated version of the play "Texas". The backdrop of the canyon wall was amazing and the play included pyrotechnics that were fantastic. After enjoying the abbreviated version, we definitely plan to make another trip to the Palo Duro Canyon to see the entire play.

Saturday included many of the same events, and the addition of the Level IV breakfast, Bike Show, Chapter Competitions (Newsletters, Banners, Mascots, etc) and the Dress Competition. One of the highlights of the rally was the Couple of the Year Basket Competition. These baskets are truly works of art, and it is obvious that entire chapters are rallying around their Couples of the Year to offer their support. They were spectacular! Many thanks to all the GWRRA members who attended this great rally. Without you, the rally would not have been as successful and we enjoyed visiting with as many of you as we could.

Have fun; ride safe.

Fred & Mandy Mew
Assistant District Directors
2009 Region H Couple of the Year
Master Tour Riders 5029 & 5028

AMARILLO BY MORNING, NOON & NIGHT

I don't need to tell anyone who was there what a wonderful time was had by all who attended the Texas District Rally. Well, that was my perception according to all the compliments, smiles, and laughs I observed.

Since I was basically in charge of the Chapter and Dress Competitions my big day was Saturday. I was totally exhausted by the time Closing Ceremonies rolled around, but it was an exciting exhaustion and everyone in attendance helped produce it. **THANKS** to everyone for making the 2009 Texas District Rally a success!

The Chapter Competition was an **OUTSTANDING** event. I have never seen so many exceptional entries. The judges worked very hard to select winners and commented on how good they all were. The Newspapers in particular got their attention and scores were very close, with a tie for 2nd place. The new category of Windshield Covers brought 11 entries, all very creative and beautiful. Of course Mascots continue to be entertaining and the Scrapbooks are just amazing, not to mention the Banners. **Way to go TEXAS!** If you are attending other state rallies, take some of those things to enter in their contests, it is permitted in most states.

We are considering a few changes in the rules and judging criteria for next year, but don't get too excited just yet, they will not be earth-shattering ones. We are also considering a new category of Chapter Jackets since so many of you have those as well. I don't know if they will be in the Chapter or Dress Division as of yet.

If you were in the area before or after judging, you might have noticed the banner for Chapter C which was displayed on a stand made from PVC pipe and painted. It was made to fit the banner and is an excellent way for display. I might suggest that everyone consider coming up with some way to 'fly your banner' since more and more places do not have adequate places to hang them. They do look much better hanging than draped over a table, but most times that is the best we can do.

Dress Competition went pretty smoothly, even with Chapter R throwing a new twist on the shirt area. New rules may follow that act as well and those of you who were present know what I am talking about. We are also thinking of revising some of the other regulations for entries. We really would like to see more chapters participating in the Dress Competition. It doesn't take long or much effort to get a couple or group on stage to show your shirts. Everyone is very friendly and I've not known of a judge to bite or hit anyone yet. Start planning now for the next rally, no matter where it may be and get your troops together for a really fun time.

I really do appreciate your participation and look forward to another great year. Let me know if you have suggestions, questions, complaints, etc. and I will do the best I can to help you out.

Be Happy Trails,

Carolyn Barton

2009 TEXAS DISTRICT COUPLE OF THE YEAR

May has been a busy, fun month. We had our first experience as part of the Texas Staff putting on a Texas District Rally. We were exhausted every night but had a great time and really enjoyed the team work. One of our jobs was ticket sales. We want to thank all of the Texas Chapter Couples that helped us sell tickets. Without them we wouldn't have made it through the whole rally. We enjoyed the Couples reception and meeting and visiting with so many Chapter Couples. We also want to commend the Chapter Couples for the outstanding baskets. The creativity of the baskets, armadillos and boots were great. There are some real imaginations in the Texas chapters. If you didn't get to attend the rally you missed a great time.

When we headed home on Sunday we rode by Cadillac Ranch and then rode to Groom, Texas to see the GIANT Cross and the life-size bronze statues of the passion of Christ. It was a really great place to visit.

We just returned home from the Arkansas District Rally. The facility was beautiful. The conference center was connected to the hotel, so even if it was raining you didn't have to get out in the weather or get on the bike if you didn't want to. We attended the Couples Selection and the COY Roundtable. We had the pleasure of meeting the International Couple and several of us decided to go to dinner together on Saturday night after closing

ceremony. Seated at the tables were the current International Couple, Region H Couple, Texas District Couple, Arkansas District Couple and Alabama District Couple. It was a great time. We want to thank the Arkansas District staff for a great Rally.

Now we are getting ready for our granddaughters high school graduation on Friday, June 5th. After that we hope to rest a little before Wing Ding. Hope to see all of you at Wing Ding.

See you down the road.

Don & Linda Holley

RIDER EDUCATION UPDATE: TEXAS DISTRICT RALLY

I would like to bring everyone up to date on our Texas District Rally from the Rider Education Division. If you attended the Rally in Amarillo, then you know what a success it was. If you did not attend, wow, you missed a really good time and some interesting weather. About the only thing we missed out on was snow. I have not been made aware of any riding incidents and that's a good thing. Your Rider Educators and Seminar Presenters were kept busy. And for that we thank you.

We presented two Road Captain Seminars for a total attendance of 29 members. We had a Seminar Presenter applicant, Marty Uphoff present these two Seminars and I thank him for his time. If you took one of these Seminars I would like your feedback.

We presented two Co-Rider Seminars for a total attendance of 25 members. I know everyone enjoyed these Seminars as they were brought to you by our Region H Staff. Region H Director Harry Dollarhide and Region H Educator Lydia Bourg were our Presenters. Thanks very much to the two of you; I really appreciated your help.

We also presented a Trike Course presented by Chapter T Educator Chet Roby and Assistant District Educator Collen Campbell. We had 3 riders take advantage of this opportunity. Thank you Chet and Collen for your time and efforts.

We also presented two CPR/First Aid Renewal Classes presented by Chapter R's Greg and Cassima Dean. We had 12 members take advantage of these classes. Thank you Greg and Cassima.

Last, but not least, our Region H Educators John and Lydia Bourg presented and qualified 6 new Parking Lot Practice Facilitators. This is a new and very important tool for Chapter Educators to use within their Chapters to keep rider skills sharp. I believe it will also spark interest among the riders to participate in the Rider Education Program.

As you can see, our Educators and Presenters were kept busy. We also appointed two new Chapter Educators. Greg and Cassima Dean were appointed and approved as Chapter R Educators. Congratulations.

There were 71 folks who attended the Level IV Breakfast. We tried something new this year. Members that were current Texas Level IV's as of May 1st had the \$5.00 fee waived. Because of this very few people actually paid anything for their breakfast. I apologize for not being able to speak over the music to welcome everyone. But, I was glad to see everyone that braved the rain to come to our Breakfast.

Now, for the goodies. The GPS Rider Education Raffle Package. The winning ticket was sold by the Chapter N-2 Educator Jim Hartley. Thanks Jim. He will be awarded a check for \$100.00 at their Chapter Gathering May 30th. The winner of the GPS was also a member of Chapter N-2. Darla Ingram is the big Raffle winner for 2009. If you were at the Rally you know we also had a consolation prize donated by Texas Cycle Chrome of Houston. The winner of this lighted, chrome radiator grille was also a member of Chapter N-2. He is also the husband of our Grand Prize Winner. He is Jeff

RIDER EDUCATION UPDATE: TEXAS DISTRICT RALLY

Ingram. These prizes will also be presented at Chapter N-2's May Gathering. Congratulations to these folks.

I would like to thank everyone that bought or sold Raffle Tickets for our Rider Education Program. It is this money that funds our programs and enables us to present Rider Education functions such as our upcoming Education Weekend in Marshall. The dates have not been finalized, but we are looking at October 17-18. We will keep you informed as the date draws near.

In closing, let me say that as Suzanne's and my first Texas District Rally behind the Rider Education Table it was quite a learning curve. As members, we don't realize the work both mental and physical that goes into putting on a District Rally. I hope you will join us in giving our Texas Directors, Ken and Barbie Peterson, and their entire District Staff and Volunteers a resounding round of applause and a hearty Thank You. Until next we meet: Ride Safe-Ride Aware-Ride Respectfully.

Michael & Suzanne Elrod

VENDOR COORDINATORS GOOD BYES

Well we are just JAM (just a member) now. Thanks so much for all the help everyone has given Jim and me throughout the last three years. We truly loved being the Vendor Coordinators for the Texas rallies. We will miss working with all the fine people on the Texas District staff. I hope the next Vendor Coordinators enjoy the Vendors as much as we did. They are a great bunch of folks who can make or break a rally.

See you all down the road! Take care and keep the shinny side up.

Retired Vendor Coordinators
Master Tour Riders
4044 & 4043

LEADERSHIP TRAINING IN TEXAS

Leadership training is certainly not a new concept. Many colleges with business programs offer courses pertaining to the principles of leadership. Beyond the college level, corporations themselves often hire consultants to teach leadership skills to their managers and supervisors. The problem of poorly prepared leaders cannot be explained then by the unavailability of leadership training. Instead, the problem relates more to the nature of the training. GWRRA is top notch, the programs and seminars are member focused and offer up to date information in a relaxed format. This was evident at our District Rally in Amarillo. The seminars were well attended both days with a total of 57 GWRRA members from Texas, New Mexico, Oklahoma, Louisiana and Kansas attending. The group discussions were lively and the questions good. A highlight of the closing ceremonies: the presentation of instructor certificates by Ed and Ann Nahl, National Assistant Leadership Trainers to: John and Lydia Bourg, Greg and Cassima Dean and Mark Heene. They worked hard to complete the Instructor Development Course and will be a fine addition to Leadership Training.

If you were at Mid Winter Round Up you may remember one of the goals put forth for the year was to bring the Member Orientation Program to the chapter level. TX-R is the first chapter to host a Leadership Training Day, eleven members from TX-R and TX-P attended. Leadership was followed by the Road Captain seminar presented by the very talented Texas Assistant Director, Fred Mew. Thank you Cassima, Greg and Fred for a job well done.

Don't forget Wing Ding – take time out from shopping for all that safety chrome to attend the Leadership Seminars, you never know what you will learn. See you there!

BY THE BOOK

The “By The Book” articles are intended to help familiarize Volunteer Leaders and GWRRA Members with the guidelines, policies, procedures, and information contained in the GWRRA Officer’s Guidebook. Please feel free to reprint these articles in Region, District and Chapter newsletters. The following was taken from the Officers Guide Book page-13 & 14.

THE PHANTOM MEMBERS (Sometimes called “Hitch-hikers”)

After 30 years of successful growth, GWRRA has caused a peculiar phenomenon. We caused it by being TOO friendly! An explanation is in order. We have always understood that GWRRA’s organization and its benefits are exclusively for its Members. However, our meetings, and many times our events, have always been for Members and their guests. Obviously, we do this to give potential Members a chance to look us over and, hopefully, they will join our family. Our friendliness also extends to former Members; much to our credit... again hoping they will re-join our family. However, and this may be hard to believe, there seem to be some folks who see no reason to rejoin us. Not because they don’t like us, but because they have seen the FUN we have, is an “open door,” and they don’t feel that “Membership” is necessary to take advantage of these important benefits. We all know that two of our most important benefits are namely, the Chapter and the wealth of activities that constantly go on within GWRRA. Some of these Phantom “Members” have friends who give them old copies of Wing World magazines and sometimes an old Gold Book for when they travel. Many dues-paying Members ask, “Aren’t we being too kind?” Many wonder how some of these folks can see no reason to REALLY belong to GWRRA. They also wonder why a Phantom Member takes free what others are paying for. Understand, we are not talking about our guests here, we’re talking about those who once were part of us and now (for whatever reason) are not. Yet they continue to participate in the fellowship and friendship of something that was created for “Members Only”. We know that many of our Officers do not believe they have this problem. If so, that is good for you, your participants and GWRRA. However, if you’re like some, there could be as much as 33% of your Chapter that are phantoms. Be aware, that if this trend continues, your Chapter will eventually cease to be, and a Club will be born. Here is our dilemma. We don’t want to be “snobbish” or rude, but we need to help these folks understand the reasons and advantages of true Membership in our family. They need to understand the difference between Membership, friend or guest. Several Chapter Directors have dealt with their problem through the Phantom’s wallet i.e. most Chapter events use “sign-in” sheets (<http://www.gwrra.org/oconnect/documents>). All participants show their GWRRA Membership Card. The expiration date can usually be verified. No card? That’s okay, BUT coffee, pie, 50/50 tickets, etc. etc. Maybe you could have a surcharge for all “non-Members.” Perhaps you could have a supply of paper name tags saying, “Hi - I’m XXXX, a visitor”.

BY THE BOOK

This would serve two purposes: 1) identify the guest (or the former Member) for special get-acquainted-type actions or friend-making, and 2) help them understand how special Membership in GWRRA really is. We suggest allowing non-members to attend three gatherings before joining. All our events already charge a different price for non-Members, if for no other reason, to identify the benefits of GWRRA Membership and because GWRRA activities are primarily for GWRRA Members. We're not suggesting that money is the answer or even the proper tactic. Some have used these methods with a certain degree of effectiveness. Obviously, there are other things that can be done to help us regain our Members. Maybe you will have to delve more deeply into why they have chosen to alienate themselves from us and see if there is something we can do to make them feel better about GWRRA. Many times you will find that miscommunication is the prime difficulty. As already stated, if this is not a concern for you, then continue your path of success. If this is starting to be a problem, then be alert for these phantoms - be diplomatic - be kind. If necessary, you may have to limit their "activities" with us, but don't let these folks "steal" (so to speak) that which is only for our GWRRA family. If you need more ideas or have other concerns, talk it over with your appointing Officer or your staff. In any case, ALWAYS try to find the Win-Win answer.

Dale Wingrove
Region H Trainer

THANKS FROM THE RALLY REGISTRATION DESK

I would like to thank all the chapters- S2, P, M2, X2, Z2, N2, O2, W2 and B that helped me with the registration desk at the Texas District Rally. The Texas District Staff would like to thank all members who helped us put this rally on. It is only with you, the member that we have such a successful rally.
